Behavioral Sciences

PARENT EDUCATION SERIES: TRANSITION PLANNING FOR STUDENTS WITH ASD

Join Dayna Holbel M.Ed. and Karla Wade, Ph.D. from the Emory Autism Center for 3 **free** presentations focused on how to support a meaningful transition to adult life for students with ASD.

Key Messages for Transition Planning

**Thursday, November,
2nd**

An introduction to transition planning and how you can support your middle school and early high school student on the path to graduation and prepare for post-secondary success.

Tips for Post- Secondary Success

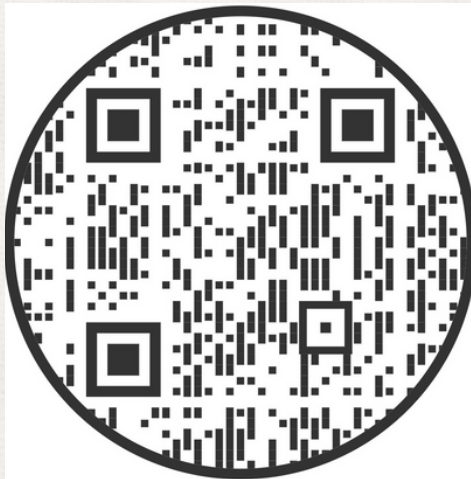

Thursday, April 11

If graduation is just around the corner, learn about what you can do now to prepare your young adult to be successful after high school. We will also share many resources for post-secondary success!

Transition Planning for Young Adults with Higher Support Needs

Thursday, April 18th

Join us to discuss transition planning for students for with higher support needs. We will share many resources for post-secondary supports.

All Sessions are 6:30 to 8 PM
